*As good as teak at a fraction of the cost*  
*Exceptional resistance to weather and insect damage*  
*Mortise and tenon construction*

## Maintaining Your Shorea Wood

The wear of your furniture will depend on the location it is placed. If placed under a covered patio, it will require minor or no attention. When placed in a location that is completely exposed to the elements, the outward appearance of the wood will be affected. When left untreated, Shorea wood weathers naturally to a silver gray. Some surface roughness may also develop, especially at the end grain, but over a period of about one year, the natural weathering process will stabilize. Moderate checking in the grain is normal with exposure to the elements. Some small cracks may appear but these are only on the surface and in no way effect the structural integrity of the furniture. If the original warm brown color is preferred, we suggest a periodic (as needed) application of Cabot's Australian Timber Oil (Mahogany Flame). Painting or Polyurethane is not recommended due to the natural oil content of Shorea wood. If you wish to restore weathered Shorea wood furniture to its original condition, we recommend using Cabot's Problem-Solver Wood Cleaner. This cleaner is specially formulated to remove mildew, mold, algae, and dirt. It will also remove most of the gray weathered color. Then refinish with one or two coats of Australian Timber Oil.

## Care and Maintenance of CSW Poly Furniture

Countryside Woodcrafts manufactures casual outdoor furniture from recycled plastic lumber (RPL), because it's a durable environmentally friendly alternative to traditional lumber. The material we use is made from an extremely high performance polymer that does not require sealing, painting or staining. It will not rot or splinter, and contains UV inhibitors that resist fading. It does not contain any filler, such as wood fiber, that would cause moisture absorption and promote bacterial growth. The recycled material utilized in our plastic lumber is a combination of consumer waste and industrial by-products which would normally be disposed of in our landfills.

To care for Countryside Woodcrafts casual furniture you must simply clean it regularly with soap and water (avoid pressure washing). The stainless steel fasteners used to assemble your furniture are practically maintenance free under normal conditions. (We use only the highest quality stainless fasteners; however, in coastal areas, the high salinity environment may cause corrosion and eventually fasteners will rust if not washed and rinsed with fresh water on a regular basis). Avoid using harsh chemicals to clean your furniture.

## 20 Year Residential and 5 Year Commercial Warranty

Countryside Woodcrafts (CSW) offers a limited warranty (for normal use) against the structural failure of our recycled plastic lumber furniture for up to 20 years for residential use and up to 5 years for commercial use (warranty is from the date of purchase). We further warranty our furniture to be free from manufacturer defects in material and workmanship for up to 1 year from the date of purchase. CSW will, at its discretion, repair or replace defective furniture with the same or similar product (if discontinued) at no charge. No cash refunds will be made. Shipping and handling is not covered by this warranty.

Although extremely durable to the elements, our recycled plastic lumber (RPL) furniture may fade when exposed to direct sunlight and some elements may cause staining of the furniture surface. Fading and staining are excluded from this warranty.

The structural integrity of the stainless steel fasteners used to assemble our furniture is covered under the normal terms of our warranty. However, stainless steel may rust under certain extreme conditions if not maintained as outlined under the care and maintenance section to the left. Rusting hardware or structural failure due to rusting is not covered by this warranty.

This warranty does not cover the failure of furniture which in our opinion was caused by acts of God, accident, neglect, abuse or improper shipping or handling and is void if our care and maintenance instructions were not properly followed.

This warranty only applies to the original purchaser of the product.
